

# Our Values

## Teamwork

We are a community and we succeed together. We will achieve success only by partnering with each other and with others. Teamwork generates progress and progress defines achievement for us and our families.

## Empathy

We exhibit empathy because of our own experiences and by considering others' experiences. We actively listen, we are respectful, and open-minded in our interactions with colleagues, young people, families, and the community. Expressing empathy allows us to build an inclusive community.

## Accountability

We are responsible for our words and actions and holding ourselves accountable ensures the quality of our work. We are proud to champion love, equity, and access for young people with disabilities, their families, and the people who support them.

## Commitment

We set high standards for ourselves, others, and our organization. Our lived experiences drive our commitment to shaping opportunities for all young people. Our commitment to learning promotes excellence and results in high quality work.

## Honesty

We build trust by conducting ourselves with honesty and integrity in support of each other, our families, and the community. Honesty enables us to forge bonds and produces our best work.
